

“You need to **register** on the site to save your **Favorites Folder** for future viewing or sharing. You will find the login at the bottom of the page.”

How to create a Favorites Folder for Digital Images or a Collage

“I enjoy designing & personalizing each photo collage I make. I believe they can tell a story that can be told years from now. Let me design one for you. I will share the collage with you for the final approval before ordering & any changes need. If you don't see what you want, or any questions, please give me a call, facebook message or email me.”

“Creating a Favorite Folder”

...When you are in the photo album click on a photo.

...Above the photo, there is a choose to,

Buy, Add To Favorites or a red heart,

...Click on Favorites or the red heart, the photo is added to **My Selection** in the upper left corner.

...Click to view the set.

...You can rename the folder, add or delete photos as you go. When you are though,

...In the folder is a “**send to**” button.

Press that, choose “**send to photographer**”,

...add a message & press “**Share**”.

I will get back with you ASP.

Use the **Buy** Button, only if you would like to use a credit card to order **JUST PHOTOS, Not Digital Images**. I will set up a download file or burn you a DVD of those after you share your Favorites Folder & I receive payment.
